

1 User Story Implementation

This document contains the implementation of the below-mentioned user story.

1.1 User Story

- **Cancellation of Transaction(US07)** : As a commuter I want to cancel the transaction of a ticket purchase or recharge the travel card.
- **Formulated by** : Naren Morabagal
- **Implemented by** : Liangzhao Lin
- The user story is implemented in HTML.
- **It consists of 2 .html files.**
 1. index.html
 2. languageSelection.html

1.2 How to run the program?

1. Double click on index.html.

1.3 Walk-through to my implementation

1. After opening index.html, it shows two buttons, the transaction button is used to continue the transaction, the cancel transaction button is used to cancel the transaction.
2. Click the Cancel transaction button, the transaction the TVM system return to the language selection home page languageSelection.html.
