1 User Story Implementation

This document contains the implementation of the below-mentioned user story.

1.1 User Story

- **Select Payment Mode(US04) :** As a commuter, I want to pay for my purchase of a ticket either by cash or by card.

- **Formulated by :** Dolly Modha

- **Implemented by :** Dhaval Modi

- **User story is implemented in HTML.**

- **It consists of 4 html files.**

  1. Index.html
  2. PayByCard.html
  3. PayByCash.html
  4. PayByCashSuccess.html

1.2 How to run the program?

1. Double click on index.html.

1.3 Walk-through to my implementation

1. After opening index.html, it shows 'Pay By Cash' and 'Pay By Card' option.

2. After clicking on 'Pay By Cash' option, it will ask for confirmation. On clicking on cancel button it will cancel the transaction and move back to the previous page. On clicking 'Confirm' button, it will show success message.

3. If you click on on 'Pay By Card' option, it will ask for confirmation. On clicking on cancel button it will cancel the transaction and move back to the previous page. On clicking 'Confirm' button, it will show success message.
